CELEBRATING INNOVATION WITH SCIENCE
(All Satya Bharti Schools)
National Science Day was observed on 28th February, 2015 at all 254 Satya Bharti Schools across six states of India. The students organized exhibitions to demonstrate various principles of science as well as spread awareness on essential health practices such as prevention of swine flu, improved hygiene and sanitation.
In order to generate interest in science among students, 101 schools were provided additional resources to present model-based exhibitions conveying various spheres of science. Students and teachers from adjoining government and private schools were also invited to participate in the event; while community members and school teachers participated as judges.
This exercise helped enhance students' science knowledge and provided them multiple exposure to scientific theories and processes in a hands-on manner.

NATURAL CAPITAL OLYMPIAD – STUDENTS QUALIFY FOR FINAL ROUND
(Satya Bharti Schools - Neemrana, Kaithal and RMJ)
Students from 64 Satya Bharti Schools participated in the Natural Capital Olympiad-2014 amongst a total of 10,000 participants from a total of 255 schools across India. Natural Capital Olympiad is a national level external competition introduced in 2014 by Saaves in association with YES Bank and supported by the Central Board of Secondary Education (CBSE). It is conducted for students of Class III to X, featuring questions on various topics such as plant and animal life, environmental issues, forests and parks of the country, etc.
The national rank of Top 100 from each class will compete in the final rounds on 11th April, 2015 in Mumbai. For this final round of the competition, 10 students from Satya Bharti Schools have been selected; three from Neemrana, five from Kaithal and two from Rewari Mhendergarh Jhajjar (RMJ) clusters.

ROAD SAFETY AWARENESS WEEK
(Satya Bharti Schools, Amer, Rajasthan)
Students of Satya Bharti Schools, Amer, Rajasthan organized campaigns on Road Safety Awareness followed by a signature campaign in Asthol. The students, along with the district team, teachers and support staff engaged community members through the signature campaign during which they also conveyed the importance of maintaining Road Safety standards.
Inspired by the campaign, Bharti Foundation team members took a pledge on adhering to road safety standards. The Foundation reached out to more than 300 people through this interactive campaign, receiving appreciation from the participants and community members for their efforts towards successful community sensitisation.
This activity helped in raising awareness among community members and students on the importance of road safety. The activity also encouraged value and strive for a safer society.

VILLAGE SPORTS DAY
(Satya Bharti School, Pudhukanandur, Sivaganga, Tamil Nadu)
A group of students from Satya Bharti School, Pudhukanandur, Tamil Nadu participated in a Village Sports event, organized by the Sarpanch. The School was given a special invitation for the event; students availed of the great opportunity to actively participate in various competitions held over the day as well as a chance to compete with children from other schools in their village. The participants were conferred with medals and certificates at the end of the day.
Sports events promote healthy competition among children, help build their confidence and provide a sense of pride in them at being recognized at public forums and gatherings.

SWINE FLU CAMPAIGN
(Satya Bharti School, Kurrian Kalan, Shahjahanpur, Uttar Pradesh)
Students of Satya Bharti School, Kurrian Kalan, Uttar Pradesh conducted a community awareness campaign on Swine Flu, during which they sensitized the community on symptoms, precautions and prevention against the contagious disease. The students conducted meetings with the Gram Prachar requesting support to organise a community health camp in the village. They also visited an adjoining Government Junior High School to spread awareness among its teachers and students on Swine Flu. The campaign was received positively by all community members, inspiring the students to foster greater social change.
Such community campaigns help in effective delivery of the message within the community, which in turn aids improvement of health standards in the village.
