

Fact1

New Programs of Bharti Foundation

Quality Support Program

This program aims at working with the Government system and improving the quality of schools through need-based interventions. The approach is to energize and motivate the Government teachers and use a step-wise approach to address the varied needs of each school. Currently, 14 Government schools are supported through this model, across Punjab and Haryana.

Satya Bharti Learning Centres

This is the remedial/bridge course program initiated in close partnership with Educate A Child, a new global initiative. The program aims at bridging the education gap of out of school children and mainstream them into regular schools. Currently, 41 Education Volunteers are engaged in teaching 1,134 students (50% girls) at 45 centres in Government schools of Rajasthan.
